A) The Forest Right Act, 2006

Under Section 2 ©

they depend on Forests or Forest lands for bona fide livelihood. Under Section 2(o), “other traditional forest dweller” means any member or community who has for at least three generations prior to the 13th day of December 2005, who primarily resided in and who depend on forest or forest land for bona fide livelihood needs”.

Under Section 3,

traditional forest dwellers have the right to hold and live in Forest land and a right of settlement in forest villages.

Under Section 2(3), the government shall provide facilities such as schools, electricity and medical facilities in forest land
